PROGRAMS AND TRAINING

CHILD EVANGELISM

CHILDREN'S PROGRAMS

"Like a shepherd ...

The shepherd warms pure milk for his lambs and lowers the crib with choicest feed, unmixed with chaff or straw.

Evangelism • VBS • Sabbath School • Camp Meetings

The entire focus and aim of each program is to teach as Jesus taught—using heaven's appointed sources. (See *Education*, 77.) The programs are theme centered, so the children understand the lesson being taught and can repeat it. The theme is emphasized through Scripture songs, health nugget, Bible story, nature lesson, craft, activity and story of practical application.

Coordinated with Adult Evangelism

While presenting the same foundational truths as is given to the adults, these programs uplift Jesus with every doctrine. "Educate the children in the truths of the Word of God which are so essential for these last days." 8MR, 366

Gather the lambs ...

Drawn by the shepherd's love, the lambs find comfort in his arms and drink in the pure milk with delight.

Internationally Used

Feeding His Lambs approach to child evangelism is effective in the home, neighborhood, Sabbath School, Vacation Bible School, camp meeting and evangelistic campaign. These child evangelism programs have been tested and refined through more than 15 evangelistic series in North America, Philippines, Romania, Russia, Sweden and Ukraine.

Gently lead those with young" Isaiah 40:11

When the shepherd carries the lambs in his arms, the mother sheep presses close to his side. "Through the children many parents will be reached." *Evangelism*, 584.

"This has been the most powerful seminar I have ever attended."

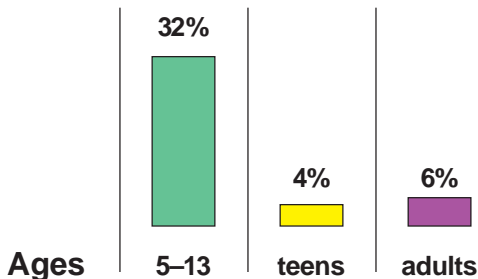

Children in Ukraine find beauty in the Bible

Jesus knew that "children would listen to Him and accept Him as their Redeemer far more readily than would grown-up people." *Desire of Ages, 5B.*

Most Receptive Hearts

Child evangelism is a work of greatest consequence. Research shows that children ages 5–13 have a 32% probability of accepting Jesus, as compared to 4% for teens and 6% for people older than age 19. —*Barna Research Report*, November 15, 1999.

Personal Testimony

From earliest childhood one distinct "love" rooted itself deep in my heart—feeding my little lambs. As I cuddled a lamb in my arms, Mother would say, "I believe God is calling you to feed His real 'lambs.'" Thus the seed for *Feeding His Lambs Ministries* was early sown and nurtured through those 22 years spent in raising sheep. Now leading children to Jesus and training others to be faithful under-shepherds is my life passion and joy!
